This is in regard to your 21 Jan 2005 letter transmitting to me the table of contents for the FY 1969 history of the Strategic Air Command (copy attached). Thank you for sending this information.

I have reviewed the TOC and wish to request copies of a number of pages under the provisions of Section 3.5 of Executive Order 12392 (MDR). I have enumerated these pages on the attached spreadsheet.

I recognize that some, if not all, of this material remains classified, and that some of it will probably be exempt from disclosure. I request that I be sent whatever material is releasable, and am glad to wait for review of the remaining material.

Archie, while I wish to request all the listed material, I am most strongly interested in organizational material, staff and personnel lists, material related to bases, B-52s and Minuteman missiles and installations, specifically at Malmstrom and Minot AF Bases, security intrusions at these two bases, and a UFO incident Oct 24, 1968 at Minot AFB.

Thanks very much for your attention to this and for your help on this and other recent requests.

Please contact me if further information is required.
